ISBN: 9780077226381

Specifically designed to help your Advanced Placement students succeed in their studies and achieve a high score on the AP Exam, this four-part guide works together with the core text *Environmental Science: A Global Concern* to provide your students with:

- An introduction to the Environmental Science Advanced Placement Course and Exam.
- Chapter terms, skills, "Take Note" sections designed to help prepare students for the AP exam, numerous illustrations, and questions.
- Tips on essay writing for the free-response section of the Exam. Also includes calculations guidelines, conversion guidelines, math skills, graphing practice, and experiment design.
- Two complete practice exams parallel the AP Environmental Science Exam in terms of question type and number of questions. Each practice exam is also similar to the AP Exam with regard to content, style, and format, and it includes thorough explanations for your students.
