# Join us at these exciting and informative sessions!

Friday, May 7

Session C: 2:00-3:00 p.m.

## Teaching the New Grade 7 Ecosystems: Tips for Success

This session is designed to lead teachers through a series of hands-on activities related to the Ecosystems component of the Science curriculum. Activities are designed to parallel the new science IRP. Connections will be made to the new McGraw-Ryerson BC Science 7 text, created specifically for learners in BC. Darren is a member of the program's development team.

Presenter: Darren Dickie

Saturday, May 8

Session E: 8:30 - 9:30 a.m.

## Teaching Grade 7 Chemistry: Tips for Success

This session is designed to lead teachers through a series of hands-on activities related to the Chemistry component of the Science curriculum. Activities are designed to parallel the new science IRP. Connections will be made to the new McGraw-Ryerson BC Science 7 text, created specifically for learners in BC.

Presenter: Darren Dickie

Session E: 8:30 - 9:30 a.m.

## Putting Pizzazz Back Into Earth Science

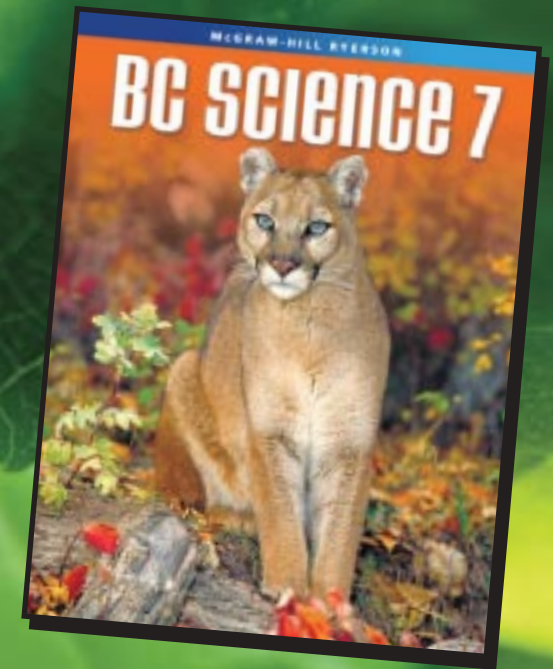

Teaching Earth Science should be fun and exciting! Come and join a teacher who has spent 35 years trying to put pizzazz into Earth Science classrooms. Jacque is the author of the Earth Science unit for the new grade 7 textbook by McGraw-Hill Ryerson. Josie is also a member of the development team. Extensive handout provided.

Presenters: Jacque Martin, Josie Wilson

## McGraw-Hill Ryerson Introduces...

## McGraw-Hill Ryerson BC Science 7

Developed specifically for the new Grade 7 Science curriculum, BC Science 7 provides age-appropriate content that stresses science process skills development; an array of motivating, hands-on activities; engaging visuals; integrated technology; and teacher support that's second to none.

### Features

- 100% curriculum match to the Prescribed Learning Outcomes presented in the British Columbia curriculum for Grade 7 Science
- British Columbia content: features photographs, references, role models, and careers specific to British Columbia
- Teacher support material: A complete teacher's support package will provide teachers with planning ideas, assessment strategies, advice on how to handle misconceptions, science background for the non-specialist, and much more!
- Literacy, Reading and Assessment Consultants to ensure appropriate reading level and assessment
- An accompanying student workbook offers modified activities, vocabulary practice, enrichment and extension activities, and opportunities for assessment and evaluation
- Website will have relevant links to Canadian web sites for the teacher and the student

### Contents

- Unit 1 Ecosystems
- Unit 2 Chemistry
- Unit 3 Earth's Crust

Visit our Website [www.mcgrawhill.ca/books/bcscience7](http://www.mcgrawhill.ca/books/bcscience7) for up-to-date information on this resource.

Your school will receive a complimentary copy of the student text upon publication.
