

MathLinks 7

Dedicated to Meeting the Diverse Needs of Grades 7-9 Students and Teachers

FOLDABLES™

Layered Book

Make the following Foldable™ to organize skills or concepts you have learned.

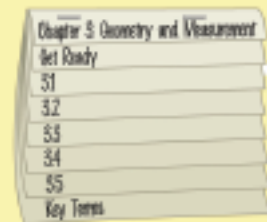

Step 1 Collect four sheets of paper and place them 2 cm apart. Keep the edges straight.

Step 2 Fold the bottom edge of the paper. Stop 2 cm from the top edge. This makes all tabs the same size. Staple together along the fold.

Step 3 Label the tabs.

MATHLINKS 7

Coming in
2007!

Dedicated to Meeting the Diverse Needs of Grades 7-9 Students and Teachers

FOLDABLES™

Graphic Organizers

Foldables™ serve as interactive graphic organizers, hands-on manipulatives, reading and study skill strategies, and make mathematics accessible to all students. Foldables™ are used in mathematics classrooms internationally. Use the Foldable™ instructions provided on the front of this card and make Foldables™ a part of your mathematics class.
